This code is used for:

- Patients in treatment
- New patients beginning treatment
- Patients who have a retainer

	PAYMENT IN FULL	NEW PATIENT	END OF TREATMENT PAYMENT PLAN
UPPER & LOWER	<del>\$1250</del> \$650	\$57.50/12 mon	\$115/6 mon
ONE ARCH ONLY	<del>\$625</del> \$325	\$57.50/6 mon	\$115/3 mon

## Use the code that does NOT end in RET

- For new patients or patients in treatment who currently do not need a replacement retainer at time of enrollment.
- For patients who already have retainers who would like to enroll for the Retainers for Life membership only. If you come across this type of patient, be sure to send your link with this code.

When we process enrollments we will announce the enrollments to your team, we will need to receive a scan. You will mark the patients chart to reflect their enrollment. If you see the patient has already been scanned, you will simply send us your scan. If there is no scan, the patient will need to come in to be scanned for when a retainer is lost in the future.

You can also take the opportunity to present to patients who come in for retainer checks.

**Patients in Retention who have lost or broken a retainer-** Admins who get this call will present and offer to enroll over the phone using their code ending in RET. If the patient isn't decided, the link will be sent through the dashboard. Patients will be scheduled for a scan. The "Scan Update" form is filled at the time of the scan if the member enrolled on their own. If the member enrolls in the practice at time of scan, the form "Quick Enrollment with Retainer Order" can be used. The retainer will ship to the patient's home.
