

STEPS TO SUCCESS

1

Pitch the program and send the link.

2

After a few days to 1 week, reach out to the patient to make sure that they received the link ok and see if they have any questions about the program. If they want to sign up walk them through the process.

3

If the patient hasn't signed up when they come back in for their next appointment, touch base with them on the program to see if they have any questions or if they would like to enroll.
